RIISS00054 and RIISS00055 Combination

Traffic Controller Skill Set

Traffic Management Implementer Skill Set

These traffic control training courses are designed for personnel who are required to stop and slow traffic, set up traffic control, traffic management, and traffic guidance schemes within a worksite. Implementation of a traffic management plan allows the qualification holder to deploy a work site, monitor traffic control and safety of the worksite personnel, and remove signs and devices at the completion of work.
